

PRINCE2® Foundation & Practitioner “combined”, 6th Edition

Certification: PRINCE2® Foundation, PRINCE2 Practitioner, 6th Edition
Duration: 5 Days

Accreditor: PEOPLECERT on behalf of AXELOS
Delivery Method: Classroom, Virtual

Course Description:

PRINCE2 provides an easily tailored and scalable method for the management of all types of projects. This method is the de facto standard for Project Management and is practiced worldwide. PRINCE2 (PROjects IN CONTROLLED ENVIRONMENTS) provides common processes, management products, roles, and language for use throughout an organization’s projects.

The PRINCE2® Foundation course (based on PRINCE2 6th Edition update) provides an optimal mix of classroom lectures, interactive case studies, assignments, additional reading materials, and exam preparation material. You will enjoy learning about the PRINCE2 methodology, and will concurrently learn the skills needed to practically apply this knowledge in real life.

The PRINCE2® Practitioner course (based on PRINCE2 6th Edition update) builds on the knowledge that participants have gained in the PRINCE2 Foundation course and focuses on applying and tailoring PRINCE2 for the effective use of the PRINCE2 Project Management methodology in projects.

Audience:

The PRINCE2® Practitioner course will be of interest to:

- Those considering adopting PRINCE2
- Project managers and aspiring project managers
- Project team managers and leaders
- Project coordinators
- Project support staff
- Project officers
- Consultants and contractors

Learning Objectives:

On completing the foundation part, the participants will gain competencies in:

- The principles of the PRINCE2 Project Management method.
- How to start, control, and close projects.
- How to manage quality.
- How to manage risk.
- How to deliver projects on time, within budget, and to the specified business case.
- How to tailor PRINCE2 to different project environments.

On completing the practitioner part, you will be able to:

- Master your skills to apply project management in both the private and public sectors.
- Gain the practical knowledge on how to manage projects using the PRINCE2 method.
- Have the required knowledge to attain the PRINCE2® Practitioner certification.
